

# BATTLE OF THE BREASTS

## FUNDRAISER

**SEPTEMBER 30TH**  
**TEAMS OF THREE - ALL FEMALE**  
**2 DIVISIONS - 3 WORKOUTS**

# CORPORATE SPONSORSHIP PACKAGE

Welcome to Battle of The Breasts Sponsorship Opportunity.

This year alone, an estimated 297,790 women in the United States will be diagnosed with invasive breast cancer—women who are our mothers, grandmothers, and daughters. This is a battle for their lives, a battle for the women we love, a battle we will never quit until there is a cure. And the key to winning this battle lies in the strength of those who support these strong, courageous women. For those who have passed on, for those who fight today and for those who may find themselves fighting for their lives in the future, we honor you at Battle of the Breasts, an event that raises awareness, honors breast cancer warriors and raises funds for breast cancer fighters in our community—funds which help alleviate the financial strain a cancer diagnosis puts on individuals and families.

Everybody knows someone that has or had breast cancer. The battle is real and the strength of those that surround the fighter or survivor is key to winning the battle. In honor and to raise awareness for breast cancer, we will be having an event to raise funds for those in our local community fighting and surviving.

This fundraiser event is for all types of fitness. Whether you are just a beginner or a seasoned veteran, the goal is the same - to raise awareness and help fight the battle some of our sisters are fighting against breast cancer. Come join us - and let's battle for the breasts!
